

AIM OF THE COURSE

The course is divided into a day of work where theory and practice alternate, carried out directly in the operating room. The small number of participants allows interactivity and very specific learning of the surgical techniques used in the implantation of penile prostheses.

With the non-conditioning contribution of:

Course venue:

Antonini Urology - Via Machiavelli, 47, Roma
Casa di Cura Quisisana - Via Gian Giacomo Porro, 5, Roma
