

## RATIONALE

The course is intended for 20 urologists and 10 nurses with interest/experience in urological laser procedure. Participants will attend the OR in rotation two at a time while the others will attend the conference/educational room during surgical procedure. During the course an hands – on training section on urological phantom will be provided to test the learning level of the participants in the different procedures. At the end of the three-sites educational course participation a certificate of the I-Laser Academy will be released.

October 23rd-24th - Torino

## October 23rd

08.00-08.45 Registration of participants and introduction to the course

08.45-14.00 Live surgery

AEEP anatomic endoscopic enucleation of the adenoma of the prostate with Pulsed Thulium Laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

AEEP anatomic endoscopic enucleation of the adenoma of the prostate with Pulsed Thulium Laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

AEEBT anatomic endoscopic enucleation of bladder tumour with Pulsed Thulium Laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

AEEBT anatomic endoscopic enucleation of bladder/ureteric tumour with Pulsed Thulium Laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

EchoLaser TPLA™  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

14.00-16.00 Break

16.00-16.20 The new superpulsed Thulium laser. Settings and mode of employ  
*Fabrizio Mele*

16.20-16.40 The new anatomic enucleation of the prostate. From the anatomy to the functional results  
*Roberto Migliari*

16.40-17.00 The mini ECIRS with laser. from the staghorne stone to the solitary stone: tips and tricks  
*Giovanni Di Lauro*

17.00-17.20 EchoLaser TPLA™: new insights in BPH  
*Riccardo Bartoletti*

17.20-17.40 Discussion

17.40-18.00 Nutraceuticals and inflammation in BPH  
*Alessandro Zucchi*

18.00-18.20 Nutraceuticals in urinary stone therapy  
*Fabrizio Mele*

18.20-18.40 Nutraceuticals in urinary tract infection therapy  
*Riccardo Bartoletti*

18.40-19.00 Robotic laser ureterolithotripsy: insight into the present  
*Alessandro Giacobbe*

## October 24th

08.45-14.00 Live surgery

Mini Ecirs with pulsed thulium laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

Mini Ecirs with pulsed thulium laser  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

RIRS lasertripsy robotically assisted  
*Roberto Migliari, Riccardo Bartoletti, Giovanni Di Lauro*

14.00-14.30 Discussion and closure of proceedings

14.30-15.00 HybridPRO Technology ureteral stent (no ECM)  
*Alessandro Giacobbe*
